

# Travel Weather Policy

Weather is monitored by radar consistently. Local thunder and/or lightening is an automatic 30 minute delay (after the latest thunder heard), regardless of occurrence of rain- NO exceptions. Please refer to the weekly emails in order to reschedule a missed lesson due to weather.

All registered clients are welcome to pick up additional lessons at our indoor locations.

We charge a minimum fee of \$15 for the instructor's arrival and travel; this includes instances of thunder or a lack of communication regarding bad weather. If the instructor arrives within 5 minutes of the lesson start time, a minimum of \$15 is charged. We understand that weather can sometimes be very unpredictable. Please reach out immediately if you have heard thunder or witnessed lightening prior to your lesson in order to avoid the instructor arrival fee, and to ensure a safe lesson!

If poor weather is expected in your area, your instructor will reach out via text to check in. Please respond as quickly as you can in order to avoid instructor arrival which will result in the \$15 fee.
